

VFW | Accidental Death Plan

MONTHLY RATES: Why More VFW Members Choose Accident Protection

While fatal car accidents are a leading cause of death, it's important to remember that accidents can happen anywhere ... at any time. But as a VFW Member, you can help give your loved ones the assurance they may need in that situation ... just by selecting up to **\$100,000.00** of accidental coverage.

Take a look at the monthly rates for VFW families:

Benefit Level**	\$25,000.00	\$50,000.00	\$100,000.00
Member Only	\$1.75	\$3.50	\$7.00
Member & Spouse	\$3.50	\$7.00	\$14.00

** Benefits reduce 50% at age 75 and over, regardless of age at enrollment.

Your VFW Accidental Death Plan premiums will be applied to the payment method selected on a monthly basis. Monthly rates do not include a \$3.50 administrative fee per premium payment for direct bill payment, or a \$3.00 administrative fee per premium payment for credit card payments, or a \$1.25 administrative fee per premium payment for automatic bank deduction. Rates and/or benefits may be changed on a class basis. You will be notified at least 31 days prior to any change.

Effective Date:

Your Accidental Death coverage starts the first day of the month after your enrollment form and first premium payment are received.

Guaranteed Acceptance:

You are guaranteed acceptance as long as you are a VFW Member. You can't be singled out for cancellation or for a premium increase due to a change in your health or job. Your coverage will continue as long as you pay your premiums on time, you remain a VFW member in good standing, and the Master Policy remains in force.
